Commodore's Message

Larry Wiggins and Mike Haberski were two vibrant, out-going personalities that you loved to see walking up to the Tiki Hut before a sail. If you were on a boat with them, you knew you were going to get their best effort, along with a little wit and levity as well. Really fun sailing partners. And congenial guests/hosts on the shore. I can just feel them sailing on together with no worries now. Fair winds, following seas, and good companionship on your journey, guys.

All of us left behind will miss them and mourn them, and the Club extends its heartfelt condolences and sympathy to their families and loved ones. They were taken too soon.

Paul Richardson, Commodore

Vice Commodore's Message

I cannot think of a more difficult period in my experience with our club than the last few weeks. While we are all aware of our inevitable mortality, we rarely need face a period of reflection as intense as the one we currently share. Mankind has always felt the chill that comes from the passing of one of our own, more so when the unfairness of someone that passed well before their time - as if there might be an appropriate moment. My own personal experience is thankfully limited. In spite of a lifetime of adventures that entailed a great amount of risk, myself and my peers generally came away from some disaster with a life lesson and a tale to tell. But that is not always the case.

But from that, I've come to the realization that a life well lived is one that leaves a void, one that had friends and family wishing for one more day, a life that had goals and adventures yet to achieve, that there never was a tidy movie ending with all the loose ends secured. Such a life is one to admire and one of which to aspire and be proud, as you will continue to strive and LIVE all of your days. Such a life will never be about how one has passed but how one got there. Those that remain must endure the emptiness, but also be trusted to honor a life well lived by cherishing that life and remembering that which was special.

As I remember those that have gone before, I try to remember their day of birth or a special moment we shared because those are the days that are the seeds of immortality. To mark our mark and be proud and joyous that we shared the journey together

Brad King, Vice Commodore

MINUTES OF BOARD MEETING

6/8/2016

CALL TO ORDER: 16:20 pm

All Officers and Directors were present. Minutes of May 2016 meeting were approved.

TREASURER REPORT:

Report: Print outs of Balance sheet, Banking Summary and Check register were provided. Small profit on the Cioppino Feed and Konocti Cup. Costs of Konocti Cup exceed amount of sponsorship received from Lake County Marketing. Banner will be on Committee Boat all year. Report approved.

VICE COMMODOR'S REPORT:

Races: The committee boat works. Susan Parker has volunteered to be on the Committee Boat for the Buoy Races. We need to keep trying to work with members who don't race to volunteer to assist on the Committee Boat. Brad may be able to help with the Monster Race and may help run that race.

Marketing: The Konocti Cup was in Latitude 38. Brad encouraged that someone keep tabs on what we are doing to promote KBSC and Lake County. Chet Britz and Bob Robinson will update Lake County Marketing by email to document how we are marketing KBSC and therefore the County.

A club member made contact in the Bay with people from Multi-hulls, and other sailors and talked about our club.

MEMBERSHIP CHAIR REPORT:

New members: Four new member packets were mailed. This puts total membership is 62.

Continued on next page...

Konocti Bay Ripples Newsletter

Member forms: We need to update the membership forms. The forms have 2015. And many forms received don't have the names filled out. An updated electronic roster will be sent to members and a possibly a short write up for the newsletter.

Chet Britz suggested adding a line to membership application about previous life experience and skills that could help the club. Consensus is that it is better to talk to members socially about their experience and how they might help the club. (Member forms are on the website [here](#))

OLD BUSINESS:

Lunch on the Lake: Was attended by 19 people including some who don't race. We took over the deck at Richmond Park. (look for photos on the web under [events/cruises](#))

Hats: Orders have been placed and are in production - Ball caps cost \$20.78 each and Bush Hats cost \$16.60 each. Ball caps cost more because of the embroidery and 2 lines of lettering in the back. 30 ball caps and 20 bush caps were ordered, with delivery in about 10 days. Price may have gone down if ordered more. May need to look at other suppliers in the future. Used the Company who made the hats in the past. Port Authority doesn't customize.

WEBSITE:

Store: Val has been working on ability to have e commerce capability on the website to order and pay for items. Need to push forward on this. Will start with hats and current inventory of shirts. Costs 3%. Discussion about need to collect sales tax and will need a shipping dept. Weebly may be able to help us figure out the tax. Bill MacDougall volunteered to be the shipping dept. Post office can tell us cost to ship. Brad will see how sales tax was handled from Peggie's cookbook sales.

NEW BUSINESS:

Sunday sail: Val and Chet are working on this for the 4th Sunday of each month for the next 3 months. Chet won't be able to attend the June [Sunday sail](#). And most of work for Treasure Hunt for August 20, 2016 has been prepared. Theme is "Where is the Committee Boat?" Need to get these front and center in the newsletter.

Brad King has been talking to people about a Dinghy Day. Suggested that one Sunday may be a dinghy day. A lot of people with Hobies, Sunfish, Lasers, etc. Can still have keel boats. Biggest stumbling block is where to launch that is easier to get out onto the lake, possibly Lakeside County Park.

Treasurer Board Opening: The current treasurer is not able to continue and will be submitting his resignation as board member. There was discussion about hiring a bookkeeper at cost of \$35 to \$50 per month. There are many bookkeeper services that could do this. No decision was made. One person is considering filling the position and another will fill position if needed. If anyone knows someone interested, please have them contact Paul Richardson as soon as possible. Discussion that filling treasurer position has been a challenge. The current Treasurer willing to work as bookkeeper. Board Member, Bill MacDougall is willing to be treasurer as long as bookkeeper can provide him the material. The person who expressed interest of filling treasurer position will be contacted. Need letter of resignation by Friday, June 10, 2016 to move things along.

Memorial for Deceased Former Club Member: Cathy Hall has asked for assistance with a memorial ceremony for Tom Jones. Need to coordinate with Brad King for potentially using Committee Boat and Sailboats, Ski Boats for at least 10 people. Chet Britz will contact Jim Carlsen since he was instrumental in ceremony for Jim Ziebell and then will inform Cathy how Jim Ziebell's ceremony was

Continued on next page...

Konocti Bay Ripples Newsletter

was conducted. Can be done similarly or how works best for her and family. Chet will inform the board of what is required and the date.

GOOD OF THE ORDER:

New Fleet: The club received a query on the website about launching a one design fleet-Radio Controlled sailboat fleet. Hans Carmiggelt has some of these boats and is very excited.

ADOURNMENT: Meeting adjourned at 17:10 pm.

Julie Richardson, **Secretary**

It's with great sadness that the Konocti Bay Sailing Club has to inform its members and friends of the sudden deaths of two of our fellow sailors, Mike Haberski and Larry Wiggins. They will be sorely missed.

Mike Haberski

Larry Wiggins

Membership Report

We welcome three new memberships over the last couple of months. Steve Ousley, Mark Staniek, and Efraim Wichmann have been actively sailing with OSiRs for the past couple of weeks. In addition, Chris and Kathy Kichinka have renewed their membership after missing out last year! Welcome Back!

Their contact information is contained within the latest alphabetical Roster listing, which has been emailed to all members that have provided us with an email listing. Please note that this listing will not print out in a format that you could make a booklet out of, but would be appropriate for organizing with a folder or binder.

Welcome Aboard, Guys and Gals!

I have received some comments that some of the wives/partners of our members are not receiving emailings. There are several memberships that indicate two emails, but it is not obvious from those listings as to whether those are emails for the two individual members or just a second email for the same person.

Where I can see obvious differences that apply to each individual, I have broken out the two individuals in my KBSC Google Mail group, so that each person receives their own copy of emailings. If you are not receiving your own emailing and wish to do so, please make me

aware of your specific email, so that I can create a separate entry in the group for you. And if this attempted explanation has just served to confuse you, please give me a call and we can work it out over the phone.

Paul Richardson
KBSC Commodore

Konocti Bay Sailing Club could use your help. Become an active member now and realize the satisfaction of aiding your sailing club.

- **Need engine for the Committee Boat** - Engine needed 30hp no more than 60hp. We already have a "fixer" motor so good engines only for consideration, please. Contact Brad King, Vice Commodore, chezking@att.net.
- **Need crew to man Committee Boat** – Best seat in the house. Watch all the action from the comfort of the committee boat and help run the race.
